

POLLEN COLLECTION II

POLLEN RISE

A new vision
for landed living

Rare by design.
Timeless by nature.

Landed in nature. Elevated in life.

Every home in **Pollen Collection II** reflects Bukit Sembawang Estates' commitment to timeless architecture and functional beauty. Designed by award-winning W Architects, each façade is defined by clean geometry, rhythmic rooflines, and a thoughtful interplay of light and volume.

Inspired by the charm of the Seletar Hills landed enclave and modern minimalist principles, these homes stand out for their quiet elegance. Each street has its own unique identity, woven together to form a cohesive precinct full of character.

POLLEN RISE

Artist's Impression

design

Where architecture breathes, light lingers, and every home is a chapter in a story still unfolding.

SIGNATURE FEATURES

1 Five ensuite bedrooms + study

Spacious bedrooms with extra room for work, ideal for multi-generational living

2 Light-filled, airy interiors

Spacious, naturally lit homes designed for comfort and openness

4 Glass-door electric lift

A sleek in-home lift for convenient, age-friendly access across levels

3 Outdoor terrace

A breezy, multi-use space for urban farming, outdoor hobbies, family-bonding and entertaining

Designed for living, built for life

From rooftop solar panels to lift-accessible, spacious layouts, every detail delivers lasting ease, sustainability, and flexibility for modern landed living.

5 EV-ready infrastructure

Fitted with isolator points for future installation of two EV chargers, supporting low-emission, sustainable mobility

6 Optimised solar integration

Roof-mounted solar panels are optimised to harness renewable energy, lower costs and support sustainable living

Where every detail looks to the future

Pollen Collection II is designed with tomorrow in mind. As Singapore's leading landed home developer, these residences built by Bukit Sembawang Estates offer rooftop solar panels that optimise sunlight capture, powering daily essentials like your home lift or EV charging, delivering significant cost savings over time.

From smart home features that give you control at your fingertips to passive cooling innovations and water-saving features, every detail is thoughtfully engineered for a lifestyle that's lighter on resources—so you enjoy the benefits, effortlessly.

POLLEN COLLECTION II

Solar powered

Sustainable living and optimal cost savings with integrated rooftop solar panels

Energy efficiency

Energy efficient air-conditioning and a private lift provide comfort and convenience to your daily life with lower power consumption

Passive cooling & natural ventilation

North-south orientation and strategically placed open terraces enhance cross ventilation and daylight while reducing glare and heat

Water-saving features

Water-efficient fittings and appliances help reduce water usage and utility costs

Environmentally sustainable

Green-labelled materials reduce carbon footprint, while low-VOC (Volatile Organic Compounds) paint improves indoor air quality

Smart home features

Smart home gateway integrates smart home features such as smart air-conditioning, smart gate, smart digital lockset to main door and smart audio-visual doorbell intercom, allowing seamless control via mobile application

SITE PLAN

A visionary master-planned precinct

As the latest chapter in a proud legacy, **Pollen Collection II** brings together architecture, lifestyle, sustainability and a true sense of belonging.

This is a rare opportunity to call an exceptional residence your own.
